Cayuse SP Auto-generated Numbers

Cayuse SP creates identification numbers for each Project, Proposal, Award and Subcontract/Subaward created in the system.

1. Project Number
   a. Created by Sponsored Programs. Your Sponsored Programs analyst will assign each Proposal and Subcontract/Subaward to a Project. Awards are created from Proposals and, thus, assigned to a Project.

2. Proposal Number
   a. Created by Cayuse SP when the Proposal is saved.

3. Award Number
   a. Created by Cayuse SP when the Award is added to the Project. The Award Number is the Project Number plus three digits at the end that indicate the number of Awards in that Project. The first Award is the Project Number-“001”, the second is the “Project Number-002” and so forth.

4. Subcontract/Subaward Number
   a. Created by Cayuse SP when the Subcontract/Subaward is added to the Project. The Subcontract/Subaward Number is the Project Number plus three digits at the end that indicate the number of Subcontracts/Subawards in that Project. The first Subcontract/Subaward is the Project Number-“S001”, the second is the “Project Number-S002” and so forth.

Requesting Advance Accounts

UC Davis policy 230-06 provides Principal Investigator’s the opportunity to plan activities and under certain circumstances, begin a project before actual receipt of the award document. An Advance Account may be established for a project prior to receipt of award only if all of the following criteria are met:

1. There is a compelling reason to expend funds prior to receipt of award.
2. There is verbal or written confirmation to the Office of Research from the sponsor’s contract officer or grants management officer that an award is forthcoming.
3. The requested advance dates fall within the sponsor’s anticipated award period.
4. The guidelines from the sponsor do not prohibit commitment of funds before an award is fully executed.
5. Expenditures will be in accordance with the expected budget categories and limits, sponsor’s guidelines and UC Davis policies and procedures.
6. There are funds available within the department, organized research unit or college/school to cover the expenditures in the event an award fails to materialize.

At a minimum, an alternate account number to be used in the event the project is not awarded and evidence of firm commitment must be included as part of the request.

To request an Advance Account:

1. From the Proposal Dashboard, go to the My Proposals tab.

2. Find the relevant Proposal and select the Proposal Number.
