Is a New Internal Processing Form (IPF) Needed?

New Internal Processing Forms (IPFs) are not needed for every post-proposal and post-award action processed by the Sponsored Programs office. New IPFs must be submitted to Sponsored Programs via Cayuse SP when approvals/authorizations are needed from the department chair(s) and/or dean's office(s). The following table outlines various proposal and award actions and the Proposal Type to be selected on the IPF, if a new IPF is required. *(Note: This table only reflects the relevant actions for the Sponsored Programs office. Other IPF types may be used by other offices.)*

Requesting Advance Accounts

UC Davis policy 230-06 provides Principal Investigator’s the opportunity to plan activities and under certain circumstances, begin a project before actual receipt of the award document. An Advance Account may be established for a project prior to receipt of award only if all of the following criteria are met:

1. There is a compelling reason to expend funds prior to receipt of award.
2. There is verbal or written confirmation to the Office of Research from the sponsor’s contract officer or grants management officer that an award is forthcoming.
3. The requested advance dates fall within the sponsor’s anticipated award period.
4. The guidelines from the sponsor do not prohibit commitment of funds before an award is fully executed.
5. Expenditures will be in accordance with the expected budget categories and limits, sponsor’s guidelines and UC Davis policies and procedures.
6. There are funds available within the department, organized research unit or college/school to cover the expenditures in the event an award fails to materialize.

At a minimum, an alternate account number to be used in the event the project is not awarded and evidence of firm commitment must be included as part of the request. Please note that all compliance items must be received before fund are released. Typically, Advance Account requests will not be approved if the project requires IRB and/or IACUC approvals that are not in place.

Follow the instructions below to request an Advance Account.
